THE LIFE OF OUR BELOVED
BRIAN LEE BRENNAN

Born May 2, 1941 and after a brief illness, passed away quietly May 30, 2014. He greatly enjoyed his childhood in Tacoma, WA where he developed lifelong friendships, his keen interest in art, science, music and engineering. He moved to Southern California to attend Art Center School of Design, followed by a career in advertising. Subsequently living in Brentwood, Thousand Oaks, and finally Santa Barbara to care for his mother Betty. It was here he became an accomplished plein air watercolor painter, even inventing innovative new tools and ways to enhance his paintings. An avid traveler, visiting relatives in Brazil was one of his favorite highlights. Conviviality was Brian's greatest personality attribute, making loyal lifelong friends from all parts of the world. In the last few years he returned often to Tacoma to be with much loved friends. His engaging wit and love of banter will be greatly missed by all his family and friends.

The very first time he heard my voice he complemented me extremely. It's very special to me for we had a long chat via email about the music industry, the songs, the people he met in his life and the joys he had making music. He was a very talented and fun person to talk too, I've always looked forward replying to his emails... I still think about the things he said, he was always caring and giving me advise about life... I am so going to miss that!! His stories, his jokes and his emails...

DEAR FAMILY AND FRIENDS OF BRIAN BRENNAN...

Brian was a very caring person, always there for the ones that know him. And he was a friend to any person he met, especially to me, Tertuis Hutten, from South Africa. His passing away is heart breaking to me and I don't take it so well because the time that we spend together was a highlight in my life! When I first went to America, and became friends with Brian, I got to meet some of his friends, Enih, Frankie, Brian and Kathy and some more, but I remember how Brian and I use to look after Brian and Kathy's House when they were away on business and took their dog out for a walk everyday! Brian was always caring for his friends, even the ones he didn't know that well. I will miss him so much!! Thank you Brian for Being there and for a very good friend to me, and hopefully one day we'll meet again... Your friend from South Africa...

— *Tertius Hutten*
